...providing a holistic approach to organizational success

Bibliography for the Genuine Contact™ Program

The following Books informed our thinking in the development of the Genuine Contact™ program to 2002. We suggest using your intuition to determine which of these books attract your attention for your own learning. As well, we have added a code in which we highly recommend particular books to be read for each of the Genuine Contact™ program components. The code is as follows:

A Session One

B Session Two

C Session Three

D Session 4

✧ Highly Recommended to be read for ALL of the Genuine Contact™ Program

We also recommend that you read the ICHING, the Chinese book of change. We do not list a version of this in the book list but suggest you find a translation that suits you best. By reading this book from cover to cover, you are exposed to change as a constant, and all of the different aspects of change.
